## From the desk of Chairman

Foot is terminal portion of our body that bears weight, allows movement and an indicator of human health. The posture erectness is the key to prevent our metatarsal, heel, ankle & knee pains, spinal problems and eventually complete health. A connective tissue layer beneath our feet is the major cushioning zone that allows us to stand, walk, jump and to be mobile in our whole life. Just imagine a foot without such cushioning; it is like standing on pin-pointed nails.

We are developing wide variety of health care products using Medigel® (C<sub>3</sub>I organo-gel technology). The health care products are available as Marval Heel Care; Magnatic Arch Care; Maximal Fore Foot Care; Mollify Insoles; Premium Orthopaedic Footwears; Mystic Diabetic Foot Care; Miracle Gel Socks; Impact Resistant Gel Care; Active Health Care; Natural Touch Breast Prosthetic Care; Magic Touch Scar Reduction; Chillax Cushions and many other occupation specific health care products. We also dealt with SR Creations personal care range; Medipure aqua-gel range and other allied product lines.

We assure optimum cushioning beneath your foot or any joint vulnerable to injuries with significant elastic rebounding impact allowing comprehensive body care.

Let's put a best foot forward by adding this unique invention to your life !
